# Industrial Development Cluster in the Matala Municipality

Industrial Project

## Location:

14° 47' 18.31" S; 15° 1' 12.24" E

## Analysis

The Site Area is located in the Matala municipality, in the Munquequele village, commune seat. And borders the road that connects Matala to Capelongo.

## Assessment

Integrated in the expansion and development plan of the Province of Huíla's Industry, whose strong points aim to promote the rebirth of the country's and the region's Manufacturing Sectors, the site presents the following strong suits:

- Good location in relation to the electrical supply network coming from the Matala centrality via Capelongo.
- Near the irrigation canal.
- Near interprovincial paved access roads and the Moçamedes railway.
- Rich in raw materials and natural resources vital to the industrial development.

## Objective

Exploration concession area of 172,7 ha for the establishment of an Industrial Development Cluster to an investor or specialized company.

## Urban Parameters

### Site Area

172,7 ha

## Benefits

Specific tax benefits for investments in Huíla
